

Otto

Ventilator

Stadler Form[®]
OF SWITZERLAND

Otto creates wind!

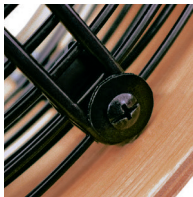

3 speed levels

Shifts up to 2400 m³ p/hr

Adjustable tilt angle

Easy cleaning of the fan blades

When heat builds up indoors in summer, the slightest breath of wind is welcome: Otto helps with a gentle breeze or generates a gale! Thanks to the adjustable industrial fan, the air circulation can easily be varied. Otto is in tune with nature! The frame is made of formed bamboo (ecological) and oiled twice. This cooling fan is a straightforward chap with height adjustable feet.

Bamboo
